

## Declaration of Conformity

We, **Logitech Europe S.A**, EPFL – Quartier de l'Innovation, Daniel Borel Innovation Center, 1015 Lausanne, Switzerland, declare under our sole responsibility that the following product:

**DSA-18CB-12 FCA 120150**

**Product Category:**  
**External Power Supply**

Conforms with the essential requirements and provisions of:

- Directive 2011/65/EU on the restriction of the use of certain hazardous substances (ROHS) in electrical and electronic equipment (EEE) - for EEE placed on the market prior to 22 July 2019;
- As amended by EU Directive 2015/863 - for EEE placed on the market on or after 22 July 2019.

based on compliance assessment and technical documentation compiled in accordance with:

- IEC 17050-1:2010: Conformity assessment. Supplier's declaration of conformity. General requirements
- IEC 63000:2018: Technical documentation for the assessment of electrical and electronic products with respect to the restriction of hazardous substances
- IEC 62321-3-1 Determination of certain substances in electrotechnical products - Part 3-1: Screening – Lead, mercury, cadmium, total chromium and total bromine by X-ray fluorescence spectrometry.
- IEC 62321-8:2017: Determination of certain substances in electrotechnical products - Part 8: Phthalates in polymers by gas chromatography-mass spectrometry (GC-MS), gas chromatography-mass spectrometry using a pyrolyzer/thermal desorption accessory (Py-TD-GC-MS).

And complies with the following RoHS restrictions:

| Substance                                    | Restriction             |
|----------------------------------------------|-------------------------|
| Cadmium and its compounds (Cd)               | 100 ppm (0.01 weight %) |
| Mercury and its compounds (Hg)               | 1000 ppm (0.1 weight %) |
| Lead and its compounds (Pb)                  | 1000 ppm (0.1 weight %) |
| Hexavalent Chromium and its compounds (Cr6+) | 1000 ppm (0.1 weight %) |
| Polybrominated Biphenyls (PBB)               | 1000 ppm (0.1 weight %) |
| Polybrominated diphenyl ethers (PBDE)        | 1000 ppm (0.1 weight %) |
| Bis (2-ethylhexyl) phthalate (DEHP)          | 1000 ppm (0.1 weight %) |
| Benzyl butyl phthalate (BBP)                 | 1000 ppm (0.1 weight %) |
| Dibutyl phthalate (DBP)                      | 1000 ppm (0.1 weight %) |
| Diisobutyl phthalate (DIBP)                  | 1000 ppm (0.1 weight %) |

|         |                                                                                                                                                                                                                                                                                                                                                                                        |

|-------------------------------|-------------------------------------------------------------------------------------------|
| Manufacturer Address:         | EPFL–Quartier de l’Innovation, Daniel Borel Innovation Center, 1015 Lausanne, Switzerland |
| Model Identifier:             | DSA-18CB-12 FCA 120150                                                                    |
| Input Voltage:                | 100-240 V AC                                                                              |
| Input AC Frequency:           | 50/60 Hz                                                                                  |
| Output Voltage:               | 12.0 V DC                                                                                 |
| Output Current:               | 1.5 A                                                                                     |
| Output Power:                 | 18.0 W                                                                                    |
| Average Active Efficiency:    | 85.7%                                                                                     |
| Efficiency at Low Load (10%): | 80.5%                                                                                     |
| No-load Power Consumption:    | 0.07 W                                                                                    |

**For Information:** On the basis of this declaration, this product carries the CE mark, which was first affixed in 2020.
